CITY NOTES.

Eight cases of measles and one case of diphtheria were reported to the board of health yesterday.

Pipe laying has been commenced in the Jackson street drain under the supervision of the city engineer.

The Ladies Social union of the Penn Avenue Baptist church will serve a supper next Thursday evening from 6 to 8 o'clock.

The ordination of A. L. Urban to the diaconate by the Right Rev. Bishop Robinson will take place in St. Luke's church of this city this morning at 8 o'clock.

Clerk of the Courts John H. Thomas issued marriage licenses yesterday to John P. Lorenz, of Archbald, and Mary Kraft, of Linnwood; Patrick Malen and Bridget Canavan, of Mifflin.

A special meeting of the Scranton Press club will be held at the club rooms at 7:30 o'clock this evening when tickets for the excursion to New York next Saturday will be given out. Other business of an important nature will be transacted.

The remains of the late M. C. Drinker, who died at Ohio, New Mexico, are expected to arrive at the D. & H. Bridge street depot this morning at 10 o'clock. Funeral services will take place tomorrow morning. Further announcement in tomorrow's papers.

A meeting will be held at 7:30 this evening at the vestry rooms of the Linden street temple for the purpose of organizing a branch of the National Council of Jewish Women. All ladies of Anahel Chessed congregation and their friends are most earnestly requested to attend.

The regular monthly meeting of the men's League of the Penn Avenue Baptist church will be held this evening at 7:30 sharp. The subject will be, "Resolved, that too large a percentage of the money raised by our church is expended on music." Negative, William McElvaine; affirmative, Dr. L. M. Gates.

Open All Night at Lohman's Spruce street.

SCRANTON PRESS CLUB BENEFIT.

Daniel L. Hart's New Play A Daughter of Dixie to Be Given.

Daniel L. Hart, the clever young playwright of Wilkes-Barre, has produced several good plays, but none have been of the high standard of excellence as "A Daughter of Dixie." Mr. Hart's latest play, which will be produced at the Frothingham theater next Monday and Tuesday evenings under the auspices of the Scranton Press club.

Mr. Hart's play will have the benefit of a production at the hands of well-known and capable players, as every member of the cast, with one exception, is from the companies of Charles Frohman. Mr. Hart has had all the scenery for the production specially painted.

The Press club will auction off the boxes for the performances at the theatre Thursday afternoon at 4:30 o'clock.

LEHIGH AND CORNELL.

The University Nines to Play Here Next Saturday.

Most interest is being manifested in the game of base ball between the nines of Lehigh and Cornell universities at the Scranton base ball park next Saturday afternoon.

There is no greater rivalry than exists between Lehigh and Cornell, and any contest between these universities is sure to be marked by the very best of playing.

THEY WANT MORE PAY

The Teachers of the Grammar Grade Kick for Higher Salary.

BOARD OF CONTROL'S BUSY SESSION

Pay Roll Approved—Bids for Lots in the Nineteenth Ward—Contract Let for Heating No. 27 School—The Money Derived from the Sale of Bonds to Be Put in Bank—Total Levy of Nine Mills Recommended.

Last night's meeting of the board of control involved a discussion of many important committee reports, a brief consideration of increased salaries for grammar school principals and the heating and ventilating of No. 27 school. President Von Storch occupied the chair and the absentees were Members Mitchell, Watrous and H. O. Malley.

The last month's pay roll of \$12,081.70 was approved. Bids for lots in the Nineteenth ward on which to erect a new school building were opened and referred to the building committee in conjunction with Mr. Notz of the Nineteenth ward, the fellow, Charles Delbert Brook, lots at Blucher avenue, Maple and Elm streets, \$500 each; Blucher avenue, Locust street, \$550; Blucher avenue and Elm street, \$570; Joseph Foley, Beech and Molke streets, three lots, \$100, \$200, \$300; J. Murray, Locust street, \$100, \$200, \$300; Blucher avenue, Elm and Locust streets, \$200 each; Christina Brown, three lots, Molke street, near Elm, \$750; Mrs. Hattie M. Burns, Beech street and Blucher avenue, \$50 by \$10, \$1,000; Mrs. M. J. Fallon, Brook street and Meadow avenue, \$50 by \$10, \$500.

A petition of the grammar school principals was read by Secretary Fallows. It had attached various papers, including a table of salaries paid by many Pennsylvania cities, which, compared with the Scranton scale, showed this city's teachers to be paid smaller sums.

It was known that at last night's meeting the finance committee would present its report, which included provisions for salaries for the next fiscal year, consequently actions on the petitions was attended with considerable discussion.

Finally the petition was referred to the teacher's committee until the next meeting.

The teacher's committee report was adopted as follows: That Miss Elizabeth Williams be temporarily appointed to primary C at No. 25, and Miss Margaret Jamison to the annex to No. 11 on South Hyde Park avenue; that the president and secretary be authorized to sign the applications for state normal school diplomas of Sarah L. Devine, Emily Evans and Bridget A. Carroll.

The meeting adopted sections of the building committee's report as follows: That Edward S. Price be employed as janitor at the annex to No. 14 in the Congregational church on Hyde Park avenue at a salary of \$10 per month; that Sarah Lewis, janitor at No. 13, be paid \$8 per month, an increase of \$2.10 in date from the time of the opening of an additional room in said building.

The recommendation of the committee to award the contract for heating and ventilating No. 27 school was not accepted, but was referred back to the committee.

The contract resolution of the committee, that the heating and ventilation of No. 27 be awarded to Samuel Wills & Co. for the sum of \$1,484.13, the system to be completed ready for use for the said sum. That the proposal be made a part of the contract. The terms of payment to be as follows: One-third of the contract price when the material is on the ground, one-third when placed in position and the balance when the work is completed and accepted by the building committee, no interest to be paid on the unpaid balance.

It was contended that errors had been made by the architect in the cost of installing the system and that further consideration should be given the matter and the bid set aside.

The report of the finance committee in relation to the sale of the high school bonds to Blair & Co., of New York, was adopted. The committee recommended that the money realized from the sale of the bonds be deposited on interest in the several banks of the city where the funds of the district are now deposited in the name of the high school building account.

The important portion of the report announcing the estimate of revenue and expenditures for the coming year and the consequent tax levy could not be finally received until the teachers' salary question is settled. Hence the report was referred back to the committee with the decision of the meeting that the teachers' committee should act in conjunction.

It was evident that most of the members advocate the increase of pay, although the matter is not allowed for by the report. There is a surplus of several thousand dollars which might be applied to the purpose. Mr. Notz's suggestion that proficient teachers should be graded in pay from this surplus according to their merits to the extent of \$2,000 total, may be considered by the committee.

FINANCE COMMITTEE ESTIMATE. The estimate based upon the figures of the past two years is as follows: Total for general school purposes, \$171,500, including \$100,000 for teachers' salaries and janitor's salaries.

The assessed valuation of property and occupations for the current year is \$19,312,718. To cover the deficit of \$100,000 for general school and building purposes, and to provide for the interest and sinking fund account, as required by law, we recommend a levy of:

Five and one-half mills for general school purposes.

Three and one-half mills for building purposes, and

1 mill for the interest and sinking fund account, making a total levy of 10 mills on the assessed valuation which will produce the following estimated revenue:

FOR GENERAL SCHOOL PURPOSES. A 5 1/2 mill levy on \$19,312,718, \$964,219.92; allowing 5 per cent. for exemptions, commissions, etc., \$3,916.92, would leave a net revenue from taxation for school purposes of \$100,000.93; adding state appropriation of \$74,988.87 would give a total estimated amount for general school purposes of \$174,989.80.

BUILDING ACCOUNT. Three and one-half mills on \$19,312,718, \$67,546.50; less 5 per cent. for exemptions and commissions, \$1,370.72; balance, \$66,175.78. In 1904, there will be approximately a balance in the building account of \$29,913.07, which will make an estimated amount of \$94,128.85 available for building purposes for the ensuing year.

SINKING FUND ACCOUNT. A levy of 1 mill for sinking fund purposes, after allowing for exemptions and commissions, will produce \$18,947.05; the payment of interest and the accumulation of a fund for the redemption of the

bonds at maturity, making a total estimated revenue for all purposes of \$238,429.00.

It was decided to attend in a body the exercises at No. 36 school Friday afternoon, when Lieutenant Ezra Griffin post, Grand Army of the Republic, will present the school with a flag.

An adjournment was made until next Monday night.

MINNIE LESTER AT THE ACADEMY.

The First Engagement of the Week a Decided Success.

Minnie Lester and her company opened a week's engagement at the Academy of Music last evening. The large audience showed its appreciation of the entertainment by generously applauding the numerous excellent bits of work. The play presented, "A Little Busybody," gave Miss Lester and her associates a good opportunity for the display of their abilities. Miss Lester delighted her audience with her dancing, which was remarkably good.

Frank E. McNish, who first won renown as a minstrel performer, appeared with the company in his well known specialty, "Silence and Fun," and made an excellent impression. The orchestra, under the direction of the Lester company. The work of the musicians last night was very pleasing.

Tonight Miss Lester will be seen in "The Land of Fate." Everyone who cares to see a good show well played should see Miss Lester's performance at the Academy of Music during the week. Popular prices, 10, 20 and 30 cents, will prevail, and special ladies' matinees will be given Thursday, Friday and Saturday, when the price will be 10 cents to every part of the theater.

TRACTION FRANCHISES ANNULLED.

Mayor Connell Declares Many Franchises Annulled by Expiration of Time.

A letter has been addressed to General Manager H. H. Archer, of the Scranton Traction company, by Mayor Connell, annulling certain franchises granted the corporation last fall. The action of the mayor involves about three miles of streets, the use of which has been granted the company by the city. No operations can now be projected on the streets named unless by action of the council.

Mayor Connell's letter is as follows: ST. FRANCIS, Pa., May 14th, 1894.

To H. H. Archer, General Manager Scranton Traction Company, City.

Dear Sir: I desire to call your attention to the fact of common council, No. 14, approved Oct. 11, 1893, granting to the People's Street Railway company of Luzerne county authority to extend its lines by a stage track on Lackawanna avenue from Ninth street to Main avenue, with proper curves on Main avenue. Section 4 of said ordinance provides that this road shall be completed within two months from the date of the passage of this ordinance and shall be completed within three months of said date. The franchise shall be forfeited to the city if the company not having complied with the provisions of said ordinance, I therefore declare said ordinance null and void.

I also desire calling your attention to the fact of common council, No. 20, approved Dec. 18, 1893, permitting the Scranton Passenger Railway company to extend its tracks on certain streets, on Adams avenue from its intersection with Lackawanna avenue, etc., as provided in said ordinance. Section 7 of said ordinance provides that this road shall be completed within three months from the date of the passage of this ordinance and shall be completed within two years from said date. Your company having failed to comply with the clause relating to the commencement of this work, I hereby declare said ordinance null and void.

I also desire to call your attention to the fact of common council, No. 15, permitting the People's Street Railway company of Luzerne county to extend its tracks on certain streets within the city of Scranton, from Pine street at its intersection with Quincy avenue, as provided by section 1 of said ordinance, and shall be completed within three months from the date of the passage of this ordinance, and shall be completed within two years from said date. Your company having failed to commence the work as provided by said section I hereby declare that the title to such streets as provided by said ordinance to be null and void.

I am, very truly yours, W. L. CONNELL, Mayor.

File of common council No. 14 referred to includes only a small strip of West Lackawanna avenue, between Ninth street and Main street.

Over a mile of street privilege is contained in common council No. 15. This provided for a line to Petersburg from Pine street and Quincy avenue, along Pine, to Webster, to Gibson, to Taylor, to Ash and thence along Grove street.

The largest number of streets affected are on the South Side. The franchise is annulled which includes a line from Cedar avenue along Hickory, to Prospect, to Hemlock, to Stone, to Beech, to Crown, to Maple, to Meadow avenue.

The half-mile stretch of proposed track along Pittston avenue from the present terminus to the city line is affected by select council file No. 15.

The annulling of this same ordinance includes the block of Adams avenue between Lackawanna avenue and Spruce street.

General Manager Archer would make no statement when interviewed by a Tribune reporter. He said he had no official information of the mayor's action, and was consequently not in a position to discuss the matter.

ARRESTED IN THE COURT HOUSE.

Michael Rully Arrested Yesterday on a Charge of Larceny.

Michael Rully, a young man who testified yesterday in the case of the commonwealth against Thomas Gibbons and Patrick Munley who were charged with having stolen goods from the Delaware and Hudson depot at Archbald, was arrested immediately after the acquittal of the defendants referred to.

Rully was arrested at the instance of Special Officer Crippen of the Delaware and Hudson company. It was expected that Rully's testimony at the trial of the case against Munley and Gibbons would have the effect of convicting them. Par from it. His evidence was so decidedly favorable to the young men that they were acquitted.

A warrant for his arrest on a charge of larceny was then sworn out and Rully was taken into custody in the court house. His father and Michael Munley of Archbald, entered bail in \$500 for his appearance at court.

One Dollar Per Barrel Saved By using the noted Royal Blend Flour, the highest grade and best family flour manufactured. Used by thousands. Ask your grocer for it.

CURE FOR CROUP.—Use Dr. Thomas' Electric Oil according to directions. It is the best remedy for all sudden attacks of colds, pain and inflammation, and injuries.

BEFORE JUDGE SITTSE

Cases That Occupied the Attention of the Court Yesterday.

TWO DEPOT ROBBERS ON TRIAL

The Young Men Who Entered the Delaware and Hudson Station at Archbald Last December Acquitted. The Same Defendants Tried on the Charge of Larceny and Receiving—South Siders at War.

The first case called in court yesterday before Judge Sittser was that against Thomas Gibbons and Patrick Munley of Archbald, who are charged with having entered the Delaware and Hudson depot at that place in December last. The defendants were represented by Attorneys Oakford, Seragg and Newcomb and District Attorney Kelly was assisted by Mr. O'Brien in the prosecution.

It was alleged that the accused entered the depot on the night of December 23, by prying open the windows of the ticket office. The ticket box was found about 500 feet from the depot with its contents missing and a ten gallon cask of whiskey consigned to Christopher Lindo was stolen. He still thinks the discussion may have the effect of awaking a spirit of invention or ingenuity which will settle the matter to the satisfaction of all concerned. Mr. Jadwin's opinions are best given in his own words:

"I think," said he, "that this bridge matter is, as General Hancock said about the tariff, merely a local issue." I believe that a bridge placed at Linden street will satisfy the majority of the people, at least to a far greater extent than one at Mulberry street. But why not have one bridge do for both streets? It is certainly possible to so place it that it may truthfully be called Linden street bridge and at the same time be very convenient to Mulberry street. The people voted to have it placed at Linden street, and if we fool with the matter we may run the risk of losing the bridge entirely.

FOR A COMPROMISE BRIDGE. My idea is this: Make the approach on the eastern end about 200 feet above Linden street on Millin avenue or midway between Linden and Mulberry streets; that location should be most desirable. By doing this you give to both streets the advantage of the bridge; you have a nice place for an approach, and you may have a bridge from 50 to 100 feet shorter than at Linden or Mulberry street. It will be more direct and consequently less expensive to build. It will avoid the need of tangents and will be more directly in line with Switzland street on the West Side. By placing it at either of the locations I speak of it may also be possible to avoid the legal question which will undoubtedly arise should the bridge be placed at Mulberry street.

"From another point of view, a location at an equal distance from both streets will have a beneficial effect on property values over a more extensive territory than if the bridge were to be placed at either street. By placing the bridge at Mulberry street it will certainly have a tendency to increase the value of property in that neighborhood. The same may be said of Linden street. Would it not be better after all to have the bridge so located that the greatest number might be benefited?

DO AWAY WITH THE SHARP TURN. "It may be seen by referring to a map that Millin avenue at the point of which I speak is very wide, and that the distance between the avenue and Switzland street is great as it is between Linden or Mulberry and the opposite bank at the river. The avenue is certainly wide enough to afford a fine sweep for teams turning off the bridge and would, to a great degree, do away with the sharp turn that is often necessary in rounding a corner.

"Let the bridge be built and if it is possible to select a more desirable location than that I speak of, why then let it be placed there."

THE IRREPRESSIBLE BOOK AGENT.

Charles Clifton Gets Subscribers by a Religious Dodge.

A young man giving his name as Charles W. Clifton, boarding at 341 Adams avenue, was yesterday called to police headquarters to explain why he has been soliciting book subscriptions under the false plea that he wanted to raise funds to carry him through a theological course at Princeton university.

The young man is endowed with a pleasing address and has given the name of Rev. John P. Campbell, a prominent Baltimore divine, as his pastor. A letter received from Mr. Campbell stated that Clifton was unknown to him.

When questioned by Mayor Connell and Captain Edwards, Clifton admitted his statement to be false, but said he had collected no money. However, he had contracts calling for the delivery of the book and said he proposed to make his deliveries and then collect the subscription price.

The authorities had no ground to detain him and so he was released.

RELATIVES AT WAR. Peter Andrews, of South Scranton, is on trial before Judge Savage, charged with assault and battery. The prosecution is made by the father of the defendant. There has been ill feeling between the parties to the suit for long time and last November the offense was committed for which the defendant is about to be tried. It is alleged that he struck Miss Rohl on the arm with a large stone and also made threats against her. Mr. O'Brien conducts the prosecution and Attorneys Newcomb and Zimmerman represent the defense. The case was on at adjournment.

COURT MAY NAME HIM TODAY. The Commissioner Who Will Take Testimony in the Twelfth Ward Contest.

The attorneys for Henry Coville and John F. Kearney, the defeated councilman candidates of the Twelfth ward, expect that court will appoint the commissioner today to take testimony in the contested election cases against Morgan Sweeney and James Manley.

When these cases are opened, the testimony promises to be lively and interesting.

Musio Boxes Exclusively. Best made, Play any desired number of tones, Gauthier & Sons, manufacturers, 1080 Chestnut street, Philadelphia. Wonderful orchestral organs, only \$8 and \$10. Specialty: Old music boxes carefully repaired and improved with new tones.

NOW FOR THE BRIDGE

C. P. Jadwin's Novel Plan for Solving the Problem of Its Location.

BETWEEN LINDEN AND MULBERRY

The Bridge as Proposed by Mr. Jadwin Would Be Shorter, Less Expensive, and in Every Way More Desirable Than if Placed at Either Linden or Mulberry—A Novel and Original Plan Set Forth.

C. P. Jadwin, the well known real estate agent, makes a suggestion regarding the location of the proposed bridge across the Lackawanna in the vicinity of Linden street, which possesses the merit of originality and is at the same time apparently practicable and economical. Mr. Jadwin has been an interested listener to the many arguments in favor of and against the location of the bridge and he is convinced that the difficulty which seems to confront the people may be easily and satisfactorily averted. While he is inclined to believe that continued agitation of the matter may result in the postponement, or possibly the loss of the bridge, he still thinks the discussion may have the effect of awaking a spirit of invention or ingenuity which will settle the matter to the satisfaction of all concerned. Mr. Jadwin's opinions are best given in his own words:

"I think," said he, "that this bridge matter is, as General Hancock said about the tariff, merely a local issue." I believe that a bridge placed at Linden street will satisfy the majority of the people, at least to a far greater extent than one at Mulberry street. But why not have one bridge do for both streets? It is certainly possible to so place it that it may truthfully be called Linden street bridge and at the same time be very convenient to Mulberry street. The people voted to have it placed at Linden street, and if we fool with the matter we may run the risk of losing the bridge entirely.

FOR A COMPROMISE BRIDGE. My idea is this: Make the approach on the eastern end about 200 feet above Linden street on Millin avenue or midway between Linden and Mulberry streets; that location should be most desirable. By doing this you give to both streets the advantage of the bridge; you have a nice place for an approach, and you may have a bridge from 50 to 100 feet shorter than at Linden or Mulberry street.
